Subject: RE: 2016 SLAB export sites - Midwest no shipments notification to EPA
Attachments: removed.txt

Importance: High

Scott,

Via this email, and after talking with each yard manager and the non-ferrous buyers, they all confirm that there were no shipments other than Doe Run in Missouri. Accordingly, please accept this email as confirmation of no such shipments. I will also email you next year confirming the same. I am still unable to find out who entered these sites, but will endeavor to do so and prevent further issues such as this.

Thank you so much for your kind assistance and discussions around the slab issue.

Thanks a million!!!

Guy Jackson

Environmental, Health & Safety Manager
Midwest Division

Phone: 615-630-4727

Guy:

As we discussed by phone yesterday and according to our database, the following MW Recycling Sites had valid consent letters for exporting SLABs in 2016, and also have valid letters during part of 2017:

110 EAST HUNT STREET
PARAGOULD, AR 72450
AOC 12599/7E/15 valid from Sep 29/2015 to Sep 24/2016

1143 16TH STREET
GRANITE CITY, IL 62040
AOC 12595/7E/15 valid from Sep 29/2015 to Sep 24/2016

* 200 W. SPARKS AVE
MOBERLY, MO 65270
AOC 12598/7E/15 valid from Sep 29/2015 to Sep 24/2016

504 Mar 9/2017

232 JUNIOR DRIVE
ST. CHARLES, MO 63301
AOC 12596/7E/15 valid from Sep 29/2015 to Sep 24/2016

3144 N. BROADWAY
ST LOUIS, MO 63147
AOC 12597/7E/15 valid from Sep 29/2015 to Sep 24/2016

526 SOUTH FRISCO
SIKESTON, MO 63801
AOC 12600/7E/15 valid from Sep 29/2015 to Sep 24/2016

Please verify that these 6 sites were non-exporters of SLABs in 2016 at your earliest convenience.

Thank you.

Scott
Good morning. Per our conversation last year and our email that no MIDWEST yards were exporting Batteries any longer you stated no additional correspondence was necessary. Is this now not the case? Please call me at 615-630-4727 to clarify as I reviewed my notes from the call and need to know if they are incorrect.
I am currently traveling so it is a great chance to discuss. I look forward to hearing from you soon.
Best regards,
Guy Jackson

Will:

Thank you for the recent mailings with PSC SLAB exporter and non-exporter information. There is one additional PSC site which we do not have 2016 export information on:

16345 NORTH SERVICE ROAD
WRIGHT CITY , MO 63390

Also, we have not received any "yes or no" SLAB export information on the any of the six MW Recycling sites which had valid letters to export during 2016. Do you know who I can contact about the export activity from those sites?

Please respond at your earliest convenience.

Thank you.
